

# An Aircraft Owner's Discussion of Maintenance Records

If you are an aircraft owner, you have been up to your ears in aircraft repairs and inspections. In other words - maintenance. You might be surprised to learn (or be reminded about) how much responsibility an owner-pilot has after an aircraft comes out of maintenance. Seating is limited, please preregister for this seminar. This seminar starts at 10AM and is designed for the aircraft owner. Feel free to bring your aircraft logbooks.

**Directions:** DRIVE IN - Two miles south of Wilsonville, just off I-5. 1/4 mile south of Arndt Rd. FLY IN - Taxi to the very north end of the Aurora airport. Park on the ramp between the fuel island and the FBO building. AVOID OVERFLYING POPULATED AREAS.

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
